### IMPORTANT POINTS:

- **Acetaminophen (Tylenol) can be given EVERY 4 HOURS.** Be sure to keep track of the times you give each dose.
- Do not give more than 5 doses in 24 hours.
- This medication is available in suppositories (80, 120, 325, 650mg) for children unable to take oral medications. The amount to give each time is the same as the amount to give by mouth.
